*Pursuant to N.J.S.A. 18A:7C-6.6, the below information is being made available with respect to specific information on Federal, State assessments or commercially developed standardized assessments that may be administered to your child during the school year. Please note, not all students will be administered all listed assessments. Please do not hesitate to reach out to your child's guidance counselor or building administrator should you have any questions. The testing window is a period in which districts can administer the PARCC assessment; it is not the actual number of days it takes a student to test. Our school district can choose which days within the testing windows that we would like to assess students. School specific schedules will come out early Spring. The allotted time is the window in which a student is given to test. Most students finish in less than the time allotted.
