

## **Elementary School #2 Parental Involvement Policy**

Elementary #2 will conduct an annual "Back-to-School" event each September in which parents are invited to attend. The goal of this activity is to provide meaningful information relative to the educational programs being offered during the school year. Parents whose children are participating in Title I funded programs have the opportunity at this time to meet the instructional staff and familiarize themselves with the programs and curriculum. Additional parent conferences will be held each fall and spring in order to discuss individual student progress and achievement. Additionally, the instructional staff may be contacted via telephone or electronic mail at any time in order to discuss concerns relative to the child's social, emotional, or academic growth. At Elementary #2, we encourage all parents to take an active role in their child's education by communicating regularly with the instructional staff, and through participation in other school related activities.
