Middle Township Schools Acceptable Use Policy Student Permission Form

I understand that use of the Internet is an exceptional educational opportunity and privilege. Since Internet use represents both the individual and Middle Township Schools, a high standard of personal responsibility is required in order to maintain that privilege.

The use of my account will be in support of education and consistent with the educational objectives of the Middle Township District. This includes but is not limited to copyrighted material, threatening, or obscene material.

- I will not use the network in such a way that would disrupt the use of the network by others or waste resources. Attempts to log into the systems as any other user may result in cancellation of user privileges. Access to the network services is given to students who agree to act in a considerate and responsible manner.
- I understand that misuse of any part of the computer network or communications system of Middle Township Schools will result in suspension or permanent loss of telecommunications privileges and possible additional disciplinary action.
- The electronic equipment used is property of the Middle Township District and as a result, all software must be installed according to the license agreement and must adhere to the copyright laws. All data that is stored, composed, transmitted or received via Middle Township's system is considered to be property of Middle Township.
- Students are to notify the teacher immediately of any disturbing material they may encounter on the web or in e-mail.
- Students are not to give out personal information like telephone number, full name, address, etc. to anyone on the Internet.
- Students are to never give anyone their password to any of their accounts or allow another student to use their account to access the Internet of school network.
- Students must gain clearance from the teacher before downloading any programs from the Internet.
- All disk or flash drives brought to the lab or classroom to be used in the computers must first be scanned for viruses by the teacher.
- No student shall change the computer environment (background, icons, sounds, etc.).

As a user of the Middle Township School's computer network, I hereby agree to comply with the above stated rules, communicating over the network in a reliable fashion while honoring all relevant laws and restrictions.
