

Good Evening this is Middle Township Public schools with a message concerning the breakfast and lunch program at your child's school. Every student is eligible to receive a breakfast and lunch free of charge whether attending school in person or remotely. Students attending school on A or B days will receive their meals in school for that particular day. A & B day students, your remote day meals will be distributed Wednesday September 9th from 4 to 6 pm at Elementary #2 Cafeteria.

For students that are on full time remote instruction, please call Dawn DeCamillo at 609-465-1827 x2159 to arrange pick up of your meals at Elementary #2 during normal school hours. You will be given your weekly allotment at that pickup.

If your child attends the full day MASK program, please inform the director that you wish to receive breakfast and/or lunch on the days that your student is attending the program.

Even though your student is receiving free meals, it is important for you to send in the completed Free/Reduced Meal application. Not only does the school funding depend on these forms but we have been notified of additional funding families are entitled to if they have current applications on file. Please return the forms as soon as possible.

Thank you and Welcome Back to School.
