

Middle Township Public Schools

Child Find

Middle Township School District

The Middle Township School District coordinates Child Find activities to locate, identify and evaluate children residing within the District who may be in need of special education and are currently un-served. Project Child Find targets children from age three to twenty-one. The goal is to ensure that no child is missed, regardless of his or her current age or grade.

For more information, contact:

Director of Special Education at (609) 465-1800, ext: 3109.
